

Rockfon Metal Baffles and Mesh

Intaline™ Round Base Baffle
Intaline™ V-Base Baffle
MetalScapes™ Wire Mesh Panels

Project - O'Hare International Airport's Terminal 5 in Chicago, IL

ROCKFON METAL BAFFLES AND MESH

Rockfon Intaline™ baffles and Metalscapes mesh are plenum masking products that allow for easy access to the area above the ceiling. Both products are tee grid-based systems that allow for module alignment and easy installation.

The round and v-base baffles of Intaline include a range of baffle heights and feature variable baffle spacing options. Metalscapes mesh is available in a variety of expanded metal and woven wire patterns to add interest to any space.
