* Metalwood Woodgrain Finishes unavailable on Infinity products; use coordinating solid finish.
† Woodscenes Woodgrain Finishes are a decorative powder coat finish that replicate real wood; variations in color and pattern will occur.

Note:
- Woodscenes Woodgrain Painted Finishes are applied parallel to the length of the trim.
- See rockfon.com for more information on color options.

Colors shown are reproduced as close as possible to actual product color within the limitations of printing technology. Color chips are available upon request and should be reviewed before making a final selection. Variations in color matches of system components to ceiling panels can result from slight differences in texture, room lighting, painting process and subjectivity of observers.
